THAI CHI SAWADEE KAA!

We are Thai Chi Export, owners and operators of an independent durian packing house in Chumphon province, Thailand. **We have Thai durians for export at best quality** and wholesale prices to anywhere in the world.

DURIAN SEASON

Durian season in Thailand starts in March every year and ends somewhere in December. If that seems surprisingly long, that's because **Thailand is the world leader durian exports**. Whereas durian in other countries is only in season for 3-4 months, Thailand can produce durians almost all year round!

WE EXPORT TO EUROPE

- USA (Miami, New York, Seattle, LA)
- ENGLAND (London)
- CANADA (Toronto, Vancouver)
